PROTECTION AGENCY, and
LISA P. JACKSON, ADMINISTRATOR**

1200 Pennsylvania Ave., N.W.
Washington, DC 20460,

Defendants.

Civil Action No. _____

DECLARATION OF LANDON HUFFMAN

I, Landon Huffman, under penalty of perjury and in accordance with 28 U.S.C. § 1746, declare as follows:

1. I reside in Powell Tennessee and make this Declaration based upon my personal experience.
2. In November 2006 and May 2007 I participated in human experimentation conducted by the U.S. Environmental Protection Agency (EPA) of the kind at issue in this matter.
3. I received a consent form that did not explain that I would be exposed to something that the EPA claims to be lethal. Nor was I ever informed that human experimentation was only supposed to be done in a manner that would potentially and directly

benefit me.

4. I was lead to believe that the benefit of the experiment would be to help people with asthma, something from which I suffer. I was not informed that the pollution EPA was forcing into my lungs could actually cause me to have an asthma attack. Nor was I ever given anything from EPA that would possibly relieve my asthma.

5. Since learning that the EPA considers the gases to which I was exposed were lethal, I have been distraught and experienced emotional distress, such as a fear of becoming ill or dying. My health is of utmost importance to me and I am disturbed by the fact that my health is in jeopardy more than I realized at the time I voluntarily agreed to participate in those studies. As a result of those studies, I am distressed that I may not be able to provide for my wife and family, in the short-term as well as long-term.

6. I am also distressed that others may suffer the way I do if they participate in ongoing studies. No one should be falsely and unknowingly exposed to a lethal gas and only by stopping this human experimentation will I be relieved of my continuing concern that others not suffer what I now do.

7. I understand that The American Tradition Institute and its Law Center were formed to find and challenge at law governmental actions that violate the core principles of good science, honest government and the rights of citizens and man. I am a member of the American Tradition Institute because I support and join with those who share the purposes of the Institute.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge. This declaration was executed on the eleventh day of September, 2012.

Landon Huffman
