RE: Certain records describing the Attorney General's Office efforts relating to major political donors, party activists and AGs' political trade group

To Attorney General Jepsen:

Pursuant to the Connecticut Freedom of Information Act, as codified in Chapter 14 of the Connecticut General Statutes the undersigned groups request copies of any and all records as described herein. The Free Market Environmental Law Clinic (FME Law) and Energy & Environment Legal Institute (E&E Legal) are both non-profit educational foundations incorporated in Virginia, with offices in Washington, DC, with established public records transparency practices. Consistent with the Connecticut Freedom of Information Act, we expect a prompt, substantive reply to our request. Given the non-profit transparency and journalism activities of the requesters, described below, we ask that any limited fees permitted by law be waived.

Please provide us copies of all emails or other correspondence, including attachments, which is held by or addressed to the Attorney General himself, or his Chief of Staff, which meets either of the following descriptions:

1) Correspondence addressed to or from, or copying (including also as cc: or bcc:) Ted White, and/or twhite@fahrllc.com, and/or Tom Steyer, and/or any @nextgenclimate.org address; also

2) Correspondence addressed to or from, or copying (including also as cc: or bcc:), or mentioning, the Democratic Attorneys General Association, DAGA, and/or any @democraticags.org address which correspondence also uses one or more of the words “Steyer”, or “Next Gen” or “NextGen” or “denial” or “denier” in any form or usage.

Responsive records will be dated between August 1, 2015 and the date you process this request.

We request a rolling production, with responsive records being processed and produced independent of any others, as no such production is dependent upon other records being released.

We do not seek duplicates of responsive records.

We do not seek correspondence reflecting only the sending or forwarding of press releases or stories, if no other commentary or substantive commentary is added at any place in the email thread (consider *e.g.*, “interesting” or “FYI” as not being substantive comments).

While we request that the limited fees allowed by statute be waived, we nevertheless agree to pay legitimate expenses up to \$150.00. If you estimate costs will exceed that please notify us and break down the expected costs.

We request records in electronic form if available. By the nature of this request *most responsive records should be in electronic format, necessitating no photocopying expense.*

None of the undersigned seek the information for a commercial purpose. FME Law and E&E Legal are organized and recognized by the Internal Revenue Service as a 501(c)3 educational organization (not a “Religious...Charitable, Scientific, Literary, Testing for Public Safety, to Foster National or International Amateur Sports Competition, or Prevention of Cruelty to Children or Animals Organization[”]). As such, we also have no commercial interest possible in these records.

E&E Legal, for example, is also a media outlet for these purposes¹: like other requesters it not only serves as a regular source of public information and substantive editorial comment about this information to numerous national (and/or local) media outlets but also applies substantive editorial input in its own publications disseminating public information.

¹ Examples of open records-derived publications by E&E Legal requesters include, Horner: [The FOIA coping response in climate scientists](#), WATTS UP WITH THAT, Jan. 21, 2014 (where ATI/E&E Legal disseminated FOIA-obtained information from NASA, University of Arizona and EPA on many additional occasions, see <http://wattsupwiththat.com/?s=horner>); [The Collusion of the Climate Crowd](#), WASHINGTON EXAMINER, Jul. 6, 2012. See also, Christopher Horner: [Yes, Virginia, you do have to produce those ‘Global Warming’ documents](#) (with David W. Schnare and Del. Robert Marshall), WASHINGTON EXAMINER, Jan. 5, 2011; David W. Schnare, “[FOIA and the Marketplace of Ideas](#)”, E&E Legal Letter (Sept. 2013); [Why I Want Michael Mann’s Emails](#), THE JEFFERSON JOURNAL, The Thomas Jefferson Institute for Public Policy, Dec. 7, 2011. Information is also disseminated in issue-specific pages of E&E Legal’s website, see, e.g. “[FOIA Requests](#)” section.

Others include Horner: [Obama Admin Hides Official IPCC Correspondence from FOIA Using Former Romney Adviser John Holdren](#), BREITBART, Oct. 17, 2013; [Most Secretive Ever? In addition to coverage of its FOIAs in print publications, E&E Legal regularly disseminates its findings on broadcast media. E&E Legal and FME Law are also regularly cited in newspapers and trade publications for their open records efforts.²

The requested information is of critical importance to the nonprofit policy advocacy groups engaged on these relevant issues, news media covering the issues, and others concerned with government activities on this critical subject, or as the United States Supreme Court once noted in the context of the federal FOIA, what their government is up to.
