Re: Your Request for Public Records

Dear Mr. Horner:

On April 13, 2016, I received your request under the New Mexico Inspection of Public Records Act. In your correspondence, copied below, you have requested to inspect the following records:

1. Please provide us copies of all emails, including attachments, sent to or from (including also as cc: or bcc:) employees of the Office of Attorney General, Environmental Protection Division, excluding secretarial/administrative and paralegal staff, which correspondence uses any of the following words or phrases, anywhere in the email, including in the body of the thread or any To, From, cc: and/or bcc: or Subject fields:

- a) "RICO"
- b) "climate denial"
- c) "climate denier" (which includes in "climate deniers")
- d) "climate risk", or
- e) "Gore"

For the above-described request: responsive records will be dated over the approximately four-month period from January 1, 2016 through the date you process this request.

2. We also request copies of all correspondence between employees of the New Mexico Attorney General's Environmental Protection Division, except secretarial/administrative and paralegal staff, and employees of the New York Attorney General's Office, dated from February 15, 2016 through April 13, 2016, inclusive. We request entire email threads.

If you have information to help further narrow this request please feel free to contact the undersigned. Requesters focus this request on records New Mexico employees may have generated in a recent effort with the attorneys general of various other states and territories along with environmental investor and activist Al Gore, to investigate political opponents of the "climate" policy agenda.1

We request a rolling production, with responsive records being processed and produced independent of any others, as no such production is dependent upon other records being released.

We do not seek duplicates of responsive records.

We do not seek correspondence reflecting only the sending or forwarding of press releases or stories, if no other commentary or substantive commentary is added at any place in the email thread (consider e.g., "interesting" or "FYI" as not being substantive comments).

We require additional time to complete a thorough review of the records maintained by our office and responsive to your request. We will make the responsive records available for inspection or otherwise respond to your request no later than April 28, 2016. If you have any questions or concerns please contact the Office.

Sincerely,

Brittney Martinez
Records Custodian
