**Subject:** Glyphosate US EPA document

Dear Jess,

I hope you are well and are enjoying springtime in Washington, DC!

I have a question regarding the most recent US EPA hazard or risk assessment document for glyphosate. Is this 1993 document indeed the most recent: [http://www.epa.gov/oppsrrd1/reregistration/REDs/old\\_reds/glyphosate.pdf](http://www.epa.gov/oppsrrd1/reregistration/REDs/old_reds/glyphosate.pdf) ? If not, might I ask you to send the most recent?

Thanks and best regards,  
Kate

**Subject:** Greetings

Hi Kate

Reached home safe. My participation at the meeting was indeed an honor and a pleasure. It was good for the EPA to have learned the IARC process, and participated in the evaluation of pesticide chemicals. During my debriefing to upper management, a question was raised as to how one would get on as a member of the Work Group. I did not know the answer. So can you please provide me as to how one can participate as a member of the Work Group.

Wish you all the best.

Regards

Jess Rowland,

Deputy Director  
Health Effects Division

Office of Pesticide Programs  
703-308-2719
