I have recovered from the trip over but dreading the trip back (and the temperatures) this weekend. Maybe Jesse and Matt should talk for a start and we see what is needed from there.

Thanks Bob

Hope you've recovered from that long trip

We just wanted to make sure anyone else from EPA was going knew we were

Jess is going to hear what is said about glyphosate since we've had a lot of outside interest in it and we are scheduled to put out our assessment in early summer

## Ex. 5 - Deliberative

We weren't entirely certain who was going and why and we'd certainly be happy to talk with you, Matt,

## Ex. 5 - Deliberative

Ex. 5 - Deliberative

Let us know...or if unnecessary, that's ok too

Jack

See note below on attendance at IARC. I think you know Matt, he is in the comptox center and started ToxRefDB.

Let me know if you want to talk about the meeting in general next week or feel free to contact Matt with specific questions.

Bob

Hi Bob,

Hope you are doing well.

I am attending the MG112 meeting in early march. I leave on March 1<sup>st</sup> actually.

I have been preparing section 4 (basically the toxicokinetic, mechanistic and other toxicity section) with a small group of folks (Ivan Rusyn being the chair with Kate Guyton organizing).

## Ex. 5 - Deliberative

Happy to answer any questions and/or provide more details. Peter Egeghy from ORD/NERL is also attending for the exposure section.

I think I heard Jess Rowland from OPP is also attending.

Take care,

Matt
