Thank you all, I have added my and Jason's very minor suggested edits to the same document--hopefully keeping all the changes in one draft will make it easier to read through.

The manuscript looks great, thank you so much Martyn for your excellent work on this!

Hope everyone has a great holiday weekend,

Catherine

Dear all

I have significantly revised the EHP paper on the key characteristics to respond to the Reviewer's comments and your proposed edits. I attach a version with tracked changes and the other with them

accepted. I also attach a draft of our response to the reviewers. I would greatly appreciate your comments on these revisions by Friday morning 8 am PST, Berkeley time so that I can submit the revision to EHP before the July 4 Holiday weekend. If I don't hear from you by then I will assume that you are OK with all the revisions. You can send comments on any of the documents attached.

Thanks for your patience on this resubmission and for your continued involvement.

Best regards,

Martyn
