Here was the latest emails from that chain.. I think it has been pushed until late May (May 28<sup>th</sup>) rather than late april.

I believe we are still on for Loreal in late april...

Jack,

I understand David Dix (with you) is coordinating an OCSPP focused discussion on this topic to include Ivan Rusyn. So, I'll stand by and let it unfold. Rusty, Matt, and I will be glad to participate and help in any way.

Thanks,

Tina

**Subject:** RE: IARC

Jack,

At SOT, we had the opportunity to talk to Professor Ivan Rusyn who has participated on a number of IARC committees and is one of the coauthors of **IARC Monographs: 40 Years of Evaluating Carcinogenic Hazards to Humans** (<http://ehp.niehs.nih.gov/1409149/>). He offered to come in and describe/discuss the IARC process. He will be in town May 28<sup>th</sup>. Does this date work for you? If you prefer to meet earlier, we can bring him in by video. Matt Martin will also come up with Rusty.

Tina

**Subject:** Is the L'Oreal meeting happening

Hi Matt,

Tried to call but no answer so I decided to email. I got an email from Rusty this morning. Seems they want you and Rusty to go to DC the end of April for the IARC meeting with OPP and ORD. The first two dates they proposed – April 21 and 23 are out because Rusty will be in China. The next date was April 28<sup>th</sup> and I have that listed on Rusty's calendar as a possible visit with L'Oreal (which Rusty can now attend because they are coming back from China on the 26<sup>th</sup>). So that leaves April 30<sup>th</sup>. Your calendar in Outlook doesn't show you off that day but I just want to make sure before I get back to the lady in DC.

Thanks,

Gisele
