**Subject:** FW: Draft Human Health Risk Assessment for Glyphosate

Hi all. We have a request from OSP to do a rapid review (done by Friday) of the OPP glyphosate herbicide risk assessment focusing on cancer. (b)(5) deliberative process  
(b)(5) deliberative process Please let me know ASAP if you have suggestions on people to review this. Thanks

**Subject:** FW: Draft Human Health Risk Assessment for Glyphosate

Good afternoon,

Attached for review are 2 documents: OPP's draft glyphosate risk assessment, and the final report of their Cancer Assessment Review Committee (CARC). (b)(5) deliberative process

(b)(5) deliberative process

OPP is interested in our input on the discussion of its cancer classification, and particularly, the discussion of the underlying rationale explaining the differences between its classification and that of IARC. Beyond that, if you note any big issues or showstoppers with the overall assessment, please also send those forward. It would be ideal if you could identify any major concerns this week; if you do, we will need to alert our management so that we can get adequate time to complete the review. OPP plans to release the assessment in the near future, and take it to the SAP in the spring of 2016. The focus of the SAP will be on the cancer classification.

If possible, let me know by noon this Friday if you identify any issues with the cancer assessment and with the overall document. If you don't think you can meet this deadline, let me know asap and we will raise this up through management to request more time.

Thanks for your quick attention to this. Please call if you want to discuss.

Jackie
