RE: Public Records Request

Mr. Richardson:

This letter is a response to your public records request received by the Environmental Quality Council (EQC) on November 3, 2017. On November 3, 2017 you requested "all potentially work-related emails which were sent to or from or which copy (whether as cc: or bcc) Jim Ruby, Executive Secretary of EQC, at the email address ruuuuu5@netscape.com ,which were also sent to, from, or copy (whether as cc: or bcc:) i) any employee, officer, or member of the Powder River Basin Resource Council, at any email account or address, ii) employees, officers, or members of Clean Energy Action, at any email account or address, and/or iii) David Bagley at any email account or address from January 1, 2017 to the date we process this request."

For clarification purposes I do not have an email account of ruuuuu5@netscape.com. I do have a personal email account of ruuuuu5@aim.com which is connected to a much older personal email

On October 18th 2017 you requested "all work-related email, instant messaging (whether text, SMS, WhatsApp, Signal and/or other), and faxed and other hard copy correspondence (herein, "correspondence"), including attachments, a) which were sent to or from or which copy (whether as cc: or bcc) Joe Girardin, Business Office Coordinator of EQC, at the email address joe.girardin@wyo.gov or any other account/address used at any time for work-related correspondence during the period covered by this request, b) which were also sent to, from, or copy (whether as cc: or bcc:) i) any employee, officer, or member of the Powder River Basin Resource Council, at any email account or address, ii) employees, officers, or members of Clean Energy Action, at any email account or address, and/or iii) David Bagley at any email account or address from January 1, 2017 to the date we process this request.

The EQC is the custodian of records that may be responsive to your request, however, any responsive documents are in active use and need to be retrieved by our IT department. We are in the process of retrieving, compiling, and reviewing the records and will contact you when records that are public and responsive to your request are available. Consistent with the Wyoming Public Records Act, Wyo. Stat. Ann. §§ 16-4-201 through 16-4-205, we will compile and review the records in a timely manner.

Would you prefer to receive these records in paper or electronic format?

Sincerely,

James Ruby
Executive Officer
Environmental Quality Council
