Subject: FW: questions regarding IARC

Hello Mary—Is there any problem with answering questions for Cal/EPA? Thanks!—Vince

Subject: questions regarding IARC

Vince,

We are in litigation on a matter involving IARC. Would you be available to answer questions that our attorneys have related to the operation of the Monographs program? If so, Carol Monahan-Cummings our chief counsel or Susan Fiering of the Attorney General's office may be following up with you. Is this the best number to reach you at: 703-347-0220

I hope you are doing well. Wonderful seeing so much activity in your EPA program.

Best,

Lauren
